

MTSO Registration & ticket purchase instructions 2023-24 Season

Everyone will first need to create an account. They can actually do this now to start the process. (Please create one for yourself if you have not already done so).

1. Go To <https://mtsouthington.connectintouch.com/>
2. Click on **Login/Register**
3. Under **New Customer** click **Register**
4. Fill out all the pertinent information.
5. Once an account is created, if anyone has a child, they can add them as associates.
6. When we open registration, the racer will purchase their race ticket for the night under their account. This is when their Mount Southington waiver will be signed.
7. The first time they purchase a ticket, they will also need to also purchase a \$5 reloadable card. This is a one-time purchase and can be picked at the ticket window.
8. For future races they only need to purchase the ticket which will be loaded onto their card.
9. They must keep the card on them as it will be scanned in the lift line every time.
